When placing large orders, or orders involving pottery, we usually ship on a pallet through various freight lines. Please remember that basically it costs the same to ship one large pot (45 lbs.) as 4 large pots (215 lbs., including pallet weight). In order to find the most economical shipping costs, we need answers to the following questions:

1. Do you have a delivery dock?
Yes () No ()
2. Will the driver have to assist in unloading?
Yes () No ()
3. Will the driver need a delivery appointment?
Yes () No ()
4. Is this an inside delivery?
Yes () No ()
5. What are your hours for accepting deliveries?
6. Name of person to be reached for questions?
